

Replacement Glazier

Are you a glass replacement expert?

Hack-out king?

Master glass cutter?

If you answered YES to all 3 then this job is for you!

Suit motivated reliable person looking for a long term role in a goal driven glass company.
Negotiable salary and conditions, flexible working hours and a take home vehicle is on offer.

As a qualified glazier you will be required to select glass in accordance with AS1288 across the residential and commercial sectors.

This is primarily a replacement glazing role and minimum requirements include:

- 5 years experience in glass replacement work
- Glass cutting skills for 2 mm thick glass to 10.38
- Proficient in glass replacement across multiple frame types. Timber bead, putty aluminium and steel
- Familiar and confident working at height. Off ladders, scaffolding and scissor lifts

Essential personal attributes include:

- A positive attitude
- The ability to work unsupervised and in a team
- A system orientated problem solver
- Strong communication skills
- Good presentation

You will also need:

- A current manual driver's license
- Own tools
- White card
