

EXPERIENCED: Glass & Aluminium Installer

Kirrawee based company is seeking an experienced installer looking to step up their career.

This fulltime role covers all aspects of glazing and installation including: taking the lead on jobs involving:

- mechanically lifting glass into position
- basic fabrication of aluminium fixtures, windows and doors on commercial premises
- installation of aluminium framed glazing for commercial premises
- frameless architectural glazing in luxury residential homes including overhead glazing

As the lead of a 3 person install team you will safely and accurately instruct tradesman and subcontractors to deliver the project scope within nominated timeframes whilst contributing to the 'Continuous Improvement' philosophy of the business.

As part of our team you will have a unique opportunity to start and finish your day in The Shire.

This diverse role will allow you to showcase your organizational, installation, problem solving and leadership skills on a range of sites around Sydney.

We are offering a:

- Negotiable salary package based on experience
- Family flexible working environment
- Huge diversity of work
- Further training and career advancement
- Immediate start

Essential skills & attributes required:

- A thorough understanding of Alspec commercial extrusions
- Considerable commercial building site experience
- Confident in your ability to make decisions in a 'Design & Construct' site environment
- Exposure to overhead glazing principals and methodology
- A positive solution focused attitude
- A high attention to detail and accuracy
- A willingness to be held accountable for the responsibilities of your work
- A keenness to learn and develop your skills and others
- A current manual driver's license
- Basic computer skills
- The ability to work unsupervised and in a team

Preferable but not essential:

- Qualified tradesperson
- Experience with frameless glass installations
- A good knowledge of building practices, Australian Standards, BCA codes
- The ability to read architectural drawings and details
- V6 Systems knowledge

If you love working with glass and aluminium and are looking for a chance to work on a diverse range of projects in a progressive fun team then this could be your new dream job!
